

Your Safety Is Important to Us: What You Can Expect Before and During Your Stay

We are working with **CDC and national hospitality industry recommendations** to ensure your safety.

Please note, bookings are at your own risk due to the COVID Pandemic.

Our **housekeeping staff cleans and disinfects** our guest rooms and public spaces, including sanitizing all hard touch points in every room prior to check in. **Hand sanitizing stations** are located in the lobby and in Broadway Grille.

All guests, unless fully vaccinated, will be required to wear masks while they are in the lobby and corridors and we encourage social distancing between guests. All **staff is required to wear face masks**, unless fully vaccinated.

Our **spa services** are open.

We will not have housekeeping service during your stay. Please stop at the front desk for any supplies you may need.

The Inn's popular restaurant and bar, the **Broadway Grille**, is located on the ground level.

Guests who booked directly with us via our web site or by phone receive a **\$10 breakfast voucher** to start their day.

Jim Thorpe's hundreds of miles trails are open and free! Walk, jog, bike on the trails (have you tried the new bridge/trail to Weissport yet?) and enjoy that sunshine and fresh air!

Thank you for your understanding and we look forward to seeing you soon!
